### Statement of CPNI Procedures and Compliance

Auris, L.L.C. ("AURIS") provides wholesale telecommunications services to other carriers and as such does not have any subscribed service relationship with any business or residential customers. The company does not obtain any CPNI. The only information the company has is the raw call record containing the call-from number, the call-to number, the bill-to number and the duration of the call. The company does not have any information about the individual calling or the called party.

Since the Auris does not have any CPNI, it therefore cannot use or permit access to CPNI. Moreover, Auris does not market its services to end users in any fashion. Its marketing efforts are directed towards resellers and other carriers and such efforts do not include the use of CPNI.

Should Auris expand its business in the future to include the provision of services that involve CPNI, it will follow the applicable rules set forth in 47 CFR Subpart U, including, if necessary, the institution of operational procedures to ensure that notification is provided and customer approval is obtained before CPNI is used or disclosed.

Requests for raw call records by law enforcement agencies are only granted if a subpoena is provided.
